# SHOPPING NEWS

## BUSINESS REMINDERS

Have you ever tried Hand Sapello? Ask your grocer for it. Suckling pigs for Christmas or the New Year. Club Stable, Fort street. Tel. 109.  
C. H. Behn has his new seven-seated auto ready for business at the Honolulu Automobile stand.  
Atos, McTigue & Co. have just received a consignment of the famous Scotch whisky used in the household of King Edward VII.  
Buy your Christmas candles at the Alexander Young Cafe and remember "A. Y. C." on a box of candy is what "Sterling" means on silver.  
The most pleasing gift you can give either friends or relatives is a fancy box of fine writing paper. Beautiful assortment at Hawaiian News Co., Alexander Young building.  
Now is the time to begin using Ansco cameras. Ansco films and Cyko paper. These can be obtained at Gurey's Ltd., opp. Benson, Smith & Co. All films at Coast prices.  
There is safety for your funds and a profit according from them if they are deposited in the Savings Department of the Bank of Hawaii, Ltd. You had better open an account today.  
There is a splendid show of Oriental goods at Yee Wah's, corner King and Bethel streets. Their buyer spent three months in China purchasing this stock for the holiday trade.  
Big reductions on Japanese blue and white cotton rugs from now until Christmas at Lewers & Cooke. Compare price list in this issue. One of these rugs will make a fine Christmas gift.  
The Bergstrom Bros. have resumed business in the Masonic building, corner of Alakea and Hotel streets. They will carry the famous Kuba Piano, which is such a favorite with particular musicians.  
The established reputation of the W. W. Wright Co., Ltd., corner of King and South streets, for excellence of work has been fully maintained in their automobile repairs, painting and top building.  
Silva's Toggery is the Christmas store for things that will please men. Neckwear, suspenders, collar bags, belts, handkerchiefs and hundreds of other useful things may be found here in greatest variety.  
Blue serge suits well tailored, made of material that will not turn gray, is an offering by the Clinton today. There is no reason why there should be one left Saturday night.  
The F. Thomas Parolan Dyeing Works of San Francisco, for which the French Laundry, 258 Beretania street, is the agent, are scientific dyers and cleaners and you will do well to let them have your faded clothes.  
At the request of many of its patrons the wireless will keep its office open on Sunday mornings from 8 until 10, when, as well as on week days, you can get into instant communication with your friends on the other islands and at sea.  
The most sensible Christmas gift you can give to a friend or relative is a pair of shoes. Something a little better than ordinary. Say a pair of Hanan's for men; or a pair of Laird, Scholer & Co.'s shoes for women and children. Sold by McInerney's Shoe Store.

# FORT DE RUSSY SURVEY CORPS

## HOLIDAY ENTERTAINMENTS IN PREPARATION—ENGINEERS HAVE RUNAWAY AND ONE MAN IS INJURED.

The survey detachment of Ensigns, who are working out of Fort De Russy, had a very close escape yesterday afternoon late, from what might have been a very bad accident. While returning from Punahoa, where the detachment is at present work, the team of animals which was hitched to the ambulance became frightened and ran away. At the time the men were going down hill and by the time they reached the foot of the incline a very fast pace had been attained. The animals were unable to make a sharp turn at the foot of the hill and dashed into a telephone pole, completely wrecking the ambulance. All the men jumped just as the turn was reached and the driver just as the vehicle hit the pole. Sergeant O'Donnell, who was in charge of the survey detachment, was most seriously hurt, it being necessary for him to go to the hospital. While all of the detachment sustained many bruises none, except Sergeant O'Donnell, was seriously hurt.

**Supplies.**  
The Engineer camp was busy yesterday receiving supplies just obtained from the Quartermaster at San Francisco. The men have been in more or less of a temporary camp up to the present time but are now receiving equipment for the permanent post which will be located at Fort De Russy. Iron bedsteads were received together with mattresses and pillows, bicycles and many articles for protection against fire.

**Special Orders.**  
Many of the survey men changed station by authority of special order. Headquarters, Fort De Russy, No. 204, issued this day. Sergeant Charles Billsborough and five men moved from Laie to Kahana. Private Smith and one other man returned from Kahuku to Fort De Russy. Private Louis Schwartz changed station from Kahuku to Kahana. Private Fitzgerald left Fort De Russy for Lihoua and Private McDougall and Smothers for Kahana.

**Holidays.**  
By authority of orders of Company G, 2nd Battalion of Engineers, the survey detachments now in the field will return to Fort De Russy on the twenty-third of the month in order to spend the Christmas holidays at the post. These men, most of whom have been out in the mountains for the past five months, enjoy the thought of spending the holidays in Honolulu.  
**Entertainments.**  
Rehearsals have been in progress for the Christmas entertainments which are to be held at Fort De Russy and a good program has been arranged. On the night of the twenty-third a dramatic performance will be given with talent from the camp aided by local performers from Honolulu. The best musical organizations have been engaged and a treat is in store for all who will be present. As has been the case in all the former entertainments given by the Engineers a cordial invitation has been extended to all their friends in Honolulu to be present. Boxing matches have been arranged for the week and bouts will be held on the new stage. The floor for the seats has been enlarged and raised so that a fine view of the stage can be seen from all points.  
**Visitors.**  
Many of the members of Company A, 1st Battalion of Engineers, who were stationed at Fort De Russy before the arrival of the Engineers who are now at that post, were out to see their old camp yesterday. These men are those transferred to the Second Cavalry and are on their way to the islands. The opinion of all was the same; they wish they were back at Fort De Russy. Honolulu is an ideal place for them.

# POLICE COURT NOTES

There were twenty-seven cases on the Police Court calendar this morning and of these no less than twenty-five were gambling offenses.  
One batch of twenty was the same old bunch that was captured down the country a few days ago. They are all under bonds of ten dollars each and C. F. Chillingworth, who appeared for them, asked for another continuance till tomorrow.  
Then a bunch of four alleged gamblers who were captured in the Magoon block faced the judge. To believe their story would seem to imply that the quartet were business men of standing, and that they had simply by accident foregathered in a room for a dice game, when the cops jumped in and grabbed the dividend.  
One of the men is being defended by Clem Quinn and after Judge Andrade had listened to the evidence he decided to take the case under advisement until tomorrow.

# WATERFRONT NOTES

ONE HUNDRED and fifty tons of refined sugar will be forwarded to the coast by the Matson Navigation steamer Lurline in addition to a general cargo made up of 3000 sacks rice, 8000 cases of pineapples, 1500 tons of raw sugar, 3000 bunches of bananas and a quantity of sundries. The Lurline is leaving for San Francisco at 10 o'clock Friday morning. The passenger booking, thus far reported are not likely to crowd the capacity of the steamer. Marooned millionaires who have been appealing in vain for an opportunity of breaking away from the Hawaiian island can be accommodated to the extent of twenty or more.

# WATERFRONT NOTES

THERE IS every indication that there will be a large crowd for the special excursion to Hilo and the Volcano which is to leave Honolulu at 4 o'clock on the afternoon of December 15. The steamer Mauna Kea will be at the disposal of the excursionists and the vessel is due to arrive at the Hilo wharf in ample time to enable the passengers to make time to return with a special train which will land the passengers at the Volcano House about 1 p. m. Saturday, January 1. The party will have until noon the following day to view the crater and its many natural wonders and will arrive at Honolulu early Monday morning.

THE INTER-ISLAND steamer Mauna Loa, scheduled to sail for Kona and Kauai ports at noon on Friday, will leave here with all her available cabin passenger accommodation filled to the limit. The company has ceased to make further bookings with a guarantee of anything better than a mattress upon the floor. There is a great rush of travel from Honolulu to the other islands at this season of the year because of the closing of the schools for the holiday season and the return of pupils to their homes. The Mauna Loa takes out a large general cargo to the Hawaii ports of call.

ONE THOUSAND tons of scrap iron, gathered from various sources on the other islands, will probably be shipped to Los Angeles by the way of San Pedro by the American bark Alden Besse, which has been lying over at Rotten Row since the first part of May. The Alden Besse came here from Hilo and brought ballast, Charles H. Brown of the Honolulu Scrap Company has about completed a deal whereby the Alden Besse will go into commission and it is expected that the vessel will be ready to sail for the Southern California port within a week or ten days.

TWELVE THOUSAND tons of Hawaiian sugar will be included in the shipment carried to the east coast of the United States by the American-Hawaiian line freighter Alaskan. This steamer is now at Kahului completing cargo and will be dispatched from that port for Salina Cruz on Sunday, December 19. The sugar will then be transhipped to the vessels operating on the Atlantic side and then proceed to destination. The Alaskan also carries 350 tons of pineapples and extensive shipments of honey and sundries.

THE AMERICAN-HAWAIIAN line Virginian is believed to have sailed from Seattle and Tacoma for Honolulu yesterday, bringing general cargo from New York via the isthmus of Tehuantepec, and San Francisco. This vessel will be followed by the freighter Missourian, scheduled to leave the Sound ports on January 14.

TODAY'S ARRIVALS at the port included the inter-island steamer Lurline, which brought a shipment of fifty head of cattle from Kawaihae. Fine weather is reported on both the outward and inward trips of the Lurline.

FIVE THOUSAND five hundred sacks of K. P. sugar was included in the cargo brought to Honolulu from Kauai ports this morning by the inter-island steamer W. G. Hall. Twenty-seven packages of sundries also arrived. Six cabin and 24 deck passengers traveled by the Hall.

PURSER CHANEY of the inter-island steamer W. G. Hall, arriving from Kauai ports early this morning, reports the following sugar awaiting shipment on the Garden Isle: K. S. M., 4400; M. A. K., 1060; V. K. 3000; C. R. 1091; M. B., 4725; K. P. 1124; and P. 1950 sacks.

GENERAL AGENT Percy Morse of the American-Hawaiian line announces that the next liner from San Francisco to Honolulu direct will leave the California port on January 3. This vessel will be the Mexican and she will doubtless bring a good sized general cargo.

THE LITTLE schooner Ka Mo'i on the north heading sundries for Kauai and Napeenoo and scheduled to sail tomorrow.

# SMUGGLERS HELD ON \$1000 BOND

Two Chinese of Asia's Crew Must Go To Trial

Before United States Commissioner George Davis this morning a hearing was granted to the two Chinese seamen who were arrested by United States Marshal Henry yesterday on a charge of being implicated in the extensive smuggling operations that have been broken up by the series of arrests by the United States officials, following closely upon the uncovering of the ring through the arrest of a stevedore who was bringing the illicit drug ashore from the Asia.

Leung Lie and his confederate, the second boatswain of the Asia, were both held to answer in the United States District Court on a charge of violating the United States statutes by smuggling opium into the Territory of Hawaii. The bonds were fixed in each case at \$1000.

Considerable difficulty was encountered in identifying the two Chinese among the numerous crew of celestials on the Pacific Mail liner, but they were finally singled out.

# STOCKS

Stocks are inactive, but not falling in price. The market is dull and the brokers have time to play tiddie-winks.  
The cause for it is the drop in the price of sugar. This does not give rise to any fear in the circles of the well-informed investors. Consequently very little stock is offered for sale. The investors are waiting for the weak holders to drop their stocks into a falling market, when they will grab what offers. Naturally buying orders are few. This condition may prevail throughout the next two or three weeks, after which more will be known of the probable limit of the annual falling off in the price of sugar. But with investors' money coming into the market through the regular dividends, the market is not likely to remain inactive for a long period.

# ANOTHER LIBEL ON CELTIC CHIEF

(Continued from Past 1)  
stranded vessel until she finally came free from the reef.  
These claims in addition to the libel filed by the Inter-Island Steam Navigation Company amounting to \$35,000, will make a grand total of \$70,000 held against the Celtic Chief and her valuable shipment of fertilizer.

The Celtic Chief is still moored at the upper end of the Hackfeld wharf and a Federal guard has been placed on board pending a settlement of the claims for salvage. The cargo remains intact with the exception of some four hundred tons now reposing on the inter-island wharf. This shipment is plainly placarded with notices from the office of the United States Marshal giving warning that it shall not be moved or disturbed.

The local agents for the ship are dealing direct with the owners and several lengthy cables have passed between this city and the head office at London. It is believed that the ship owners will arrange for the filing of a satisfactory bond in order that the cargo can be released and turned over to the local consignees.
